INDUSTRY PROSPECTUS

Welcome Message

Dear Colleagues,

It is with pleasure that we cordially invite you to attend the Top LBCTs of ACC.22, Hong Kong which will take place on 8th & 9th October 2022.

The current pandemic and restrictions will continue to impact how we meet and collaborate, but we have decided to make this educational activity a virtual experience to keep our community safe.

The Top LBCTs of ACC.22 program is designed to further disseminate ACC annual meeting education amongst the doctors and other cardiovascular team members who desire to get the highlights of the ACC Annual Meeting.

The scientific program will be delivered by the international Principal Investigator & research team member of the ACC Annual Meeting by providing education on topics relevant to you and your practice with deep-dive sessions to help cardiologists stay up-to-date on the newest clinical research. Top experts will debate and discuss the outcomes of leading-edge trials during the conference and explain how it all fits into current cardiology practice.

Learn from world-class experts, network with colleagues, visit the virtual exhibition, and access content online at your own pace.

During these challenging times, we are proud to offer you an exciting educational opportunity-all in one place, at your own pace, keeping you secure.

Your Sincerely,

Dr. CHAN Wai Kwong, Andy
President
Hong Kong College of Cardiology (HKCC)

Overview of Top LBCTs of ACC.22

We, The American College of Cardiology (ACC) and the Hong Kong College of Cardiology are excited and overjoyed to announce our Top LBCTs of ACC.22 - Optimizing Heart Care Knowledge and Outcomes.

Top LBCTs of ACC.22 program is aimed to further disseminate education amongst the cardiologists and other cardiovascular team members to obtain the highlights of the ACC Annual Meeting and enable them to strengthen their clinical practice for better patient outcomes. Highlights will include sessions from top-rated Late-Breaking Clinical Trials. Cardiovascular professionals from around the globe came together to debate and discuss practice-changing science and innovations.

Expert faculties to place the Principal Investigator's findings into clinical context and discuss how the results may change the current standard of care.

To ensure the safety of our community, we have decided to host our Top LBCTs of ACC.22 as a 100% virtual model. We believe this decision will allow more people to participate from the convenience of their homes or office. We have a great lineup filled with a combination of advanced learning research, engaging sessions, expert panel discussions, and more.

Strive to be your best and join us in our vision of a world where innovation and knowledge optimize cardiovascular care and outcomes.
